

BROCHURE OF EQUIPMENT AND SERVICES

This document serves as a summary of the services we provide and should be used as a starting point to request our services using the separate Request for Services Application.

Racine MultiSports (RMS) reviews all requests and evaluates each one to ensure RMS can effectively support the event. RMS may not be able to fulfill all requests based on location, date, or conflicts of interest. Please keep in mind that it takes 4 – 6 months of planning and marketing of an event to ensure it takes hold and delivers on its purpose. Events that are well organized and effectively marketed tend to start off strong and grow over the years.

TYPES OF EVENTS

RMS specializes in Running, Swimming, Duathlon (run/bike/run), and Triathlon (swim/bike/run) events, and can also provide services for other fitness venues, like cycling and nordic. Since 2007 we have been producing both youth and adult fitness and endurance events.

TYPES OF SERVICES

RMS offers a variety of services to meet each client's needs and these services are outlined within the separate *Request for Services Form* provided as a separate PDF file. RMS customizes services to each event's specific requirements. Determining the best services for your event begins with this application. Once the application is received, RMS will follow-up via email or phone to help clarify details needed and goals. Please do not hesitate to call or email us at any point to further discuss your event details or to schedule an in-person or on-site consultation.

FEE FOR SERVICES

The fees RMS collects for services depend on the customization of your event. The amount you pay is based on the services selected. RMS will provide a written quote for your review that reflects your request. After approval or recalculated changes, the final agreement for services requires a deposit to hold the date for your race. Deposit is \$500. RMS requires a second deposit four weeks before the event and final payment via a final invoice is due no later than ten days after the event.

Thank you for inquiring about our services. We look forward to talking with you about your event.
